§ 120-2. Rabies vaccination required.

- A. Rabies vaccination. The owner of a dog shall have the dog vaccinated against rabies by a veterinarian within 30 days after the dog reaches five months of age and revaccinated within one year after the initial vaccination. If the owner obtains the dog or brings the dog into the Village of Hustisford after the dog has reached five months of age, the owner shall have the dog vaccinated against rabies within 30 days after the dog is brought into the Village unless the dog has been vaccinated as evidenced by a current certificate of rabies vaccination. The owner of a dog shall have the dog revaccinated against rabies by a veterinarian before the date of that immunization expires as stated on the certificate of vaccination or, if no date is specified, within three years after the previous vaccination. The certificate of vaccination shall meet the requirements of § 95.21(2), Wis. Stats.²
- B. Issuance of certificate of rabies vaccination. A veterinarian who vaccinates a dog against rabies shall complete and issue to the owner a certificate of rabies vaccination bearing a serial number and in the form approved by the Village stating the owner's name and address, the name, sex, spayed or unspayed, neutered or unneutered, breed and color of the dog, the date of the vaccination, the type of rabies vaccination administered and the manufacturer's serial number, and the date that the immunization expires as specified for that type of vaccine by the Centers for Disease Control of the United States Department of Health and Human Services and the Village.
- C. Copies of certificate. The veterinarian shall keep a copy of each certificate of rabies vaccination in a file maintained for this purpose until the date that the immunization expires or until the dog is revaccinated, whichever occurs first.
- D. Rabies vaccination tag. After issuing the certificate of rabies vaccination, the veterinarian shall deliver to the owner a rabies vaccination tag of durable material bearing the same serial number as the certificate, the year the vaccination was given and the name, address and telephone number of the veterinarian.
- E. Tag to be attached. The owner shall attach the rabies vaccination tag or a substitute tag to a collar, and a collar with the tag attached shall be kept on the dog at all times, but this requirement does not apply to a dog during competition or training, to a dog while hunting, to a dog securely confined indoors or to a dog securely confined in a fenced area. The substitute tag shall be of a durable material and contain the same information as the rabies vaccination tag. The requirements of this subsection do not apply to a dog which is not required to be vaccinated under Subsection A.
- F. Duplicate tag. The veterinarian may furnish a new rabies vaccination tag with a new serial number to an owner in place of the original tag upon presentation of the certificate of rabies vaccination. The veterinarian shall then indicate the new tag

number on the certificate and keep a record in the file.

- G. Cost. The owner shall pay the cost of the rabies vaccination and the cost associated with the issuance of a certificate of rabies vaccination and the delivery of a rabies vaccination tag.

§ 120-3. Dog and kennel licenses.

A. Dog licenses.

- (1) It shall be unlawful for any person in the Village of Hustisford to own, harbor or keep any dog more than five months of age without complying with the provisions of §§ 174.05 through 174.09, Wis. Stats., relating to the listing, licensing and tagging of the same.
- (2) The owner of any dog more than five months of age on January 1 of any year, or five months of age within the license year, shall annually, or on or before the date the dog becomes five months of age, pay a license tax and obtain a license.
- (3) The minimum license tax under this section shall be as prescribed in the Village Fee Schedule.³ The license year shall commence January 1 and end December 31.
- (4) Upon payment of the required license tax and upon presentation of evidence that the dog is currently immunized against rabies, as required by § 120-2 of this chapter, the Village Clerk-Treasurer shall complete and issue to the owner a license for such dog containing all information required by state law. The Village Clerk-Treasurer shall also deliver to the owner, at the time of issuance of the license, a tag of durable material bearing the same serial number as the license, the name of the county in which issued and the license year.
- (5) The owner shall securely attach the tag to a collar, and the collar with the tag attached shall be kept on the dog for which the license is issued at all times, except as provided in § 120-2E.
- (6) The fact that a dog is without a tag attached to the dog by means of a collar shall be presumptive evidence that the dog is unlicensed. Any law enforcement or humane officer shall seize, impound or restrain any dog for which a dog license is required which is found without such tag attached.
- (7) Notwithstanding the foregoing, every dog specifically trained to lead blind or deaf persons is exempt from the dog license tax, and every person owning such a dog shall receive annually a free dog license from the Village Clerk-Treasurer upon application therefor.

B. Kennel licenses.

- (1) Any person who keeps or operates a kennel shall, instead of the license tax for

³. Editor's Note: See Ch. A330, Fees.

each dog required by this chapter, apply for a kennel license for the keeping or operating of the kennel. Such person shall pay for the license year a license tax as prescribed by the Village Fee Schedule for a kennel of six or fewer dogs and an additional fee for each dog in excess of six.⁴ Upon payment of the required kennel license tax and, if required by the Village Board, upon presentation of evidence that all dogs over five months of age are currently immunized against rabies, the Village Clerk-Treasurer shall issue the kennel license and a number of tags equal to the number of dogs authorized to be kept in the kennel. Kennels may only be located in residential areas following a public hearing and approval by the Village Board; the Board may attach conditions to such approval as a conditional use under Chapter 325, Zoning.⁵

- (2) The owner or keeper of a kennel shall keep at all times a kennel license tag attached to the collar of each dog over five months old kept by the owner or keeper under a kennel license, but this requirement does not apply to a show dog during competition, to a dog securely confined indoors or to a dog securely confined in a fenced area. These tags may be transferred from one dog to another within the kennel whenever any dog is removed from the kennel. The rabies vaccination tag or substitute tag shall remain attached to the dog for which it is issued at all times, but this requirement does not apply to a show dog during competition, to a dog securely confined indoors or to a dog securely confined in a fenced area. No dog bearing a kennel tag shall be permitted to stray or to be taken anywhere outside the limits of the kennel unless the dog is in leash or temporarily for the purposes of hunting, breeding, trial, training or competition.
- (3) The term "kennel" means any establishment wherein or whereon three to six dogs are kept.⁶
- (4) No kennel license shall be issued to the keeper or operator of a kennel who fails to provide proper food and drink and proper shelter for the dogs in said kennel or who neglects or abandons said dogs. Designated officials shall investigate any complaints regarding the failure to maintain proper standards or investigate any kennel premises upon their own initiative. Expressly incorporated by reference in this section as minimum standards for kennel keepers or operators are the relevant provisions of Ch. 951, Wis. Stats.
- (5) A condition of a kennel license shall be that the licensed premises may be entered and inspected at any reasonable hour by appropriate Village officials without any warrant, and the application for a license hereunder shall be deemed a consent to this provision. Any refusal to permit such inspection shall automatically operate as a revocation of any license issued hereunder and shall be deemed a violation of this section. Should any kennel be found to

constitute a public nuisance, the license shall be revoked and the nuisance abated pursuant to Village ordinances.

§ 120-4. Late fees.⁷

The Village Clerk-Treasurer shall assess and collect a late fee as prescribed by § 174.05(5), Wis. Stats.,⁸ from every owner of a dog five months of age or over if the owner failed to obtain a license prior to April 1 of each year or within 30 days of acquiring ownership of a licensable dog or if the owner failed to obtain a license on or before the dog reached licensable age. Said late fee shall be charged in addition to the required license fee.

§ 120-5. Rabies quarantine.

- A. Confinement of dogs and cats. If a district is quarantined for rabies, all dogs and cats within the Village shall be kept securely confined, tied, leashed or muzzled. Any dog or cat not confined, tied, leashed or muzzled is declared a public nuisance and may be impounded. All officers shall cooperate in the enforcement of the quarantine. The Village Clerk-Treasurer shall promptly post in at least three public places in the Village notices of quarantine.
- B. Exemption of vaccinated dog or cat from Village quarantine. A dog or cat which is immunized currently against rabies, as evidenced by a valid certificate of rabies vaccination or other evidence, is exempt from the Village quarantine provisions of Subsection A if a rabies vaccination tag or substitute tag is attached to the dog's or cat's collar.
- C. Quarantine or sacrifice of an animal suspected of biting a person or being infected or exposed to rabies.
 - (1) Dog or cat. An officer or animal warden shall order a dog or cat quarantined if the officer has reason to believe that the animal bit a person, is infected with rabies or has been in contact with a rabid animal. If a quarantine cannot be imposed because the dog or cat cannot be captured, the officer may kill the animal. The officer shall attempt to kill the animal in a humane manner and in a manner which avoids damage to the animal's head.
 - (2) Other animals. An officer may order killed or may kill an animal other than a dog or cat if the officer has reason to believe that the animal bit a person or is infected with rabies.
- D. Quarantine of dog or cat.
 - (1) Delivery to isolation facility or quarantine on premises of owner. An officer or animal warden who orders a dog or cat to be quarantined shall deliver the animal or shall order the animal delivered to an isolation facility as soon as

⁸. Editor's Note: See Ch. A330, Fees.

possible but no later than 24 hours after the original order is issued, or the officer may order the animal to be quarantined on the premises of the owner if the animal is immunized currently against rabies as evidenced by a valid certificate of rabies vaccination or other evidence.

- (2) Health risk to humans. If a dog or cat is ordered to be quarantined because there is reason to believe that the animal bit a person, the custodian of an isolation facility or the owner shall keep the animal under strict isolation under the supervision of a veterinarian for at least 10 days after the incident occurred. In this subsection, "supervision of a veterinarian" includes, at a minimum, examination of the animal on the first day of isolation, on the last day of isolation and on one intervening day. If the observation period is not extended and if the veterinarian certifies that the dog or cat has not exhibited any signs of rabies, the animal may be released from quarantine at the end of the observation period.
 - (3) Risk to animal health.
 - (a) If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal and if the dog or cat is not currently immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for 180 days. The owner shall have the animal vaccinated against rabies between 155 and 165 days after the exposure to a rabid animal.
 - (b) If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal but if the dog or cat is immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for 60 days. The owner shall have the animal revaccinated against rabies as soon as possible after exposure to a rabid animal.
 - (4) Destruction of a dog or cat exhibiting symptoms of rabies. If a veterinarian determines that a dog or cat exhibits symptoms of rabies during the original or extended observation period, the veterinarian shall notify the owner and the officer who ordered the animal quarantined and the officer or veterinarian shall kill the animal in a humane manner and in a manner which avoids damage to the animal's head. If the dog or cat is suspected to have bitten a person, the veterinarian shall notify the person or the person's physician.
- E. Delivery of carcass; preparation; examination by the Laboratory of Hygiene. An officer who kills an animal shall deliver the carcass to a veterinarian or local health department. The veterinarian or local health department shall prepare the carcass, properly prepare and package the head of the animal in a manner to minimize deterioration, arrange for delivery by the most expeditious means feasible of the head of the animal to the State Laboratory of Hygiene and dispose of or arrange for the disposal of the remainder of the carcass in a manner which minimizes the risk of exposure to any rabies virus. The Laboratory of Hygiene shall examine the specimen and determine if the animal was infected with rabies. The Laboratory of

Hygiene shall notify the Village, the veterinarian or the local health department which prepared the carcass and, if the animal is suspected to have bitten a person, that person or the person's physician.

- F. Cooperation of veterinarian. Any practicing veterinarian who is requested to be involved in the rabies control program by an officer is encouraged to cooperate in a professional capacity with the Village, the Laboratory of Hygiene, the local health department, the officer involved and, if the animal is suspected to have bitten a person, the person's physician.
- G. Responsibility for quarantine and laboratory expenses. The owner of an animal is responsible for any expenses incurred in connection with keeping the animal in an isolation facility, supervision and examination of the animal by a veterinarian, preparation of the carcass for laboratory examination and the fee for the laboratory examination. If the owner is unknown, the county is responsible for these expenses.

§ 120-6. Restrictions on keeping of animals.

- A. Dogs and cats. It shall be unlawful for any person within the Village of Hustisford to own, harbor or keep any dog or cat which:

 - (1) No vicious dog shall be allowed off the premises of its owner unless muzzled or on a leash in charge of the owner or a member of the owner's immediate family over 16 years of age. For purposes of enforcing this subsection, a dog shall be deemed as being of a vicious disposition if within any twelve-month period it bites two or more persons or inflicts serious injury to one person in unprovoked circumstances off the owner's premises.
 - (2) No person shall harbor or permit to remain on his premises any animal that is habitually inclined toward attacking persons or animals, destroying property, barking excessively or making excessive noises or running after automobiles.
- C. Animals running at large.

- (1) No person having in his possession or ownership any animal or fowl shall allow the same to run at large within the Village. The owner of any animal, whether licensed or unlicensed, shall keep his animal tied or enclosed in a proper enclosure so as not to allow said animal to interfere with the passing public or neighbors. Any animal running at large unlicensed and required by state law or Village ordinance to be licensed shall be seized and impounded by a humane or law enforcement officer or animal warden.
 - (2) A dog or cat shall not be considered to be running at large if it is on a leash not to exceed 10 feet in length and under control of a person physically able to control it when the animal is off of the owner's premises.
- D. Owner's liability for damage caused by dogs; penalties. The provisions of § 174.02, Wis. Stats., relating to the owner's liability for damage caused by dogs, together with the penalties therein set forth, are hereby adopted and incorporated herein by reference.

§ 120-7. Animal control agency; impoundment of animals.

- A. Animal control agency.
- (1) The Village of Hustisford may contract with or enter into an agreement with such person, persons, organization or corporation to provide for the operation of an animal shelter, impoundment of stray animals, confinement of certain animals and disposition of impounded animals and for assisting in the administration of rabies vaccination programs.
 - (2) The Village of Hustisford does hereby delegate to any such animal control agency the authority to act pursuant to the provisions of this section.
- B. Impoundment. In addition to any penalty hereinafter provided for a violation of this chapter, a law enforcement or animal control officer may impound any dog, cat or other animal which habitually pursues any vehicle upon any street, alley or highway of this Village; assaults or attacks any person; is at large within the Village; habitually barks, cries or howls; kills, wounds or worries any domestic animal; or is infected with rabies. In order for an animal to be impounded, the impounding officer must see or hear the violation of this subsection or have in his possession a signed statement of a complaining witness made under oath alleging the facts regarding the violation and containing an agreement to reimburse the Village for any damages it sustains for improper or illegal seizure.
- C. Claiming animal; disposal of unclaimed animals. After seizure of animals under this section by a law enforcement or animal control officer, the animal shall be impounded. The officer shall notify the owner, personally or through the U.S. Mail, if such owner is known to the officer or can be ascertained with reasonable effort, but if such owner is unknown or unascertainable, the officer shall post written notice in three public places in the Village, giving a description of the animal and stating where it is impounded and the conditions for its release, after the officer or warden has taken such animal into his possession. If within seven days after such

notice the owner does not claim such animal, the officer may dispose of the animal in a proper and humane manner, provided that, if an animal before being impounded has bitten a person, the animal shall be retained in the animal shelter for 10 days for observation purposes. Within such times, the owner may reclaim the animal upon payment of impoundment fees, such fees to be established by resolution of the Village Board. No animal shall be released from the pound without being properly licensed if so required by state law or Village ordinance.

- D. Sale of impounded animals. If the owner does not reclaim the animal within seven days, the animal control officer may sell the animal to any willing buyer.
- E. Village not liable for impounding animals. The Village and/or its animal control agency shall not be liable for the death of any animal which has been impounded or disposed of pursuant to this section.

§ 120-8. Duty of owner in case of dog or cat bite.

Every owner or person harboring or keeping a dog or cat who knows that such dog or cat has bitten any person shall immediately report such fact to the Village Police Department and shall keep such dog or cat confined for not less than 10 days or for such period of time as directed. The owner or keeper of any such dog or cat shall surrender the dog or cat to a law enforcement or humane officer upon demand for examination.

The owner or person in charge of any dog, cat, horse or other animal shall not permit solid fecal matter of such animal to deposit on any street, alley or other public or private property unless such matter is immediately removed therefrom by said owner or person in charge. This section shall not apply to a person who is visually or physically handicapped.
- B. Accumulation of fecal matter prohibited on private yards. The owner or person in charge of the dog or cat must also prevent accumulation of animal waste on his own property by regularly patrolling for and properly disposing of the fecal matter.
